CAMPUS DAY ON 12 OCTOBER

On 12 October all lectures from 12 o'clock which are held at Fuglesangs Allé will be cancelled in order to make room for Campus Day. The purpose of Campus Day is to strengthen the integration of the student environment at Fuglesangs Allé both for the students who are new at Fuglesangs Allé and the students who are used to coming here.

During the day, there will be both social and study related activities. Researchers representing different fields of research at the department will introduce their research projects, and in the evening the student organisations will host a party and concert in the S-building.

COFFEE MACHINES

It's hard to get through the day without coffee, so it's important to know where the coffee machines of the department are/will be located.

We will get two coffee machines in our new staff lunch room (L141) and the coffee machine in the entrance hall of the L-building will stay. In the M-building there is a coffee machine on the 3rd floor, and in the B-building a coffee machine will be placed in the kitchen. There will also be a coffee machine in the K-building, but the exact location of it has not yet been decided.
