13TH OXMETRICS USER CONFERENCE HOSTED BY CREATES

On 5-6 September CREATES will host the 13th OxMetrics User Conference, which provides a forum for the presentation and exchange of research results and practical experiences within the fields of computational and financial econometrics, empirical economics, time series and cross-section statistics and applied mathematics.

The conference programme will feature keynote presentations, contributed paper sessions, poster sessions, and a panel discussion with the OxMetrics developers. This year the Ana Timberlake Memorial Lecture will be delivered by Professor Russell Davidson, McGill University.

The conference is open to all those interested, not just to OxMetrics™ users, from academic and non-academic organisations.

If you are interested in presenting a paper, please submit by e-mail to Niels Haldrup (nhaldrup@creates.au.dk), a 100-200 word abstract and paper on any issue that contributes to the conference theme by 31 May.

FORUM: DEBATE MEETINGS

FORUM for Future Public Administration and Management hosts 5-7 debate meetings every year, most of them at CBS, where practitioners, decision-makers and researchers give talks about challenges and possible solutions regarding administration and management of the public sector.

Apart from the talks given by the invited speakers, the meetings offer great opportunities for networking, inspiration and development.

[See the programme for 2013 here](#) (in Danish).

STAFF PHOTO BOARD

As many of you may have noticed, the photo board in the entrance hall of building 2632(L) has now been filled with staff photos. Some are better than others, and the BSS photographers are currently working on making some of the photos less bright.

If you do not have a photo, or if you are not satisfied with your photo and would like to have a new one taken, you may contact Niels Relsted who has been so kind as to let us exploit his expertise as an amateur photographer. If you would like Niels to take your photo, you should contact him by e-mail: nrelsted@econ.au.dk to arrange a photo session.

You may also still choose to have your photo taken by the BSS photographers in Tåsingegade, see: <http://econ.medarbejdere.au.dk/practical-info/staff-photo/>.

ALUMNE ACTIVITIES AT THE DEPARTMENT

In order to establish the range of alumne related activities at the Department, we would like to know whether there are any formalized alumne organizations related to your research environment or in relation to the study programmes that you teach.

Please contact Carsten Tanggaard by phone 87 16 55 73 or e-mail ctanggaard@creates.au.dk stating the contact persons of the alumne organization, which activities they perform and in what way you or your research group assist the organization.

ALL ABOUT STAFF LUNCH

Guest Lunch Tickets

From now on, when bringing a guest for lunch in the staff lunch room and the Department is paying for his/her lunch, you must contact your administrative assistant to get a guest lunch ticket. The guest must write his/her name on the ticket and put it in the money box so that Studenterlauget can issue an invoice.

Staff Lunch Committee

In order to ensure that our staff lunch scheme is running to everyone's satisfaction and to make sure that those of you who are interested in having influence on the staff lunch arrangement will be heard, it has been decided that we need a Staff Lunch Committee. So if you would like to have a say as to whether we should have patty shells four times a week or vegetarian food all week etc., please join the committee by writing an e-mail to [Margit Sommer: msommer@econ.au.dk](mailto:msommer@econ.au.dk).

Evaluation of the Staff Lunch Scheme

Within the next couple of weeks, an evaluation of our staff lunch scheme will be carried out in which you will all be given the opportunity to state your opinion about the staff lunch scheme and give suggestions for improvements. You will receive a questionnaire by e-mail.

MANAGEMENT DEVELOPMENT FOR RESEARCH DIRECTORS

The Competence Unit at AU HR has now opened for registration for their course in management development for research directors.

OMNIBUS - NEW NEWSPAPER FOR STAFF AND STUDENTS AT AU

On 30 April, the first issue of the new newspaper at Aarhus University, Omnibus, will be published. The newspaper will be for all students and staff at AU, and you can look forward to a newspaper that is independent of special interests. Omnibus will focus on forging a joint identity at AU, to unify and to promote debate.

On 30 April, you will find Omnibus in the special stands around the whole university.

Only a Danish version of Omnibus will appear on print, but you will find a full English version (as well as a Danish one) of each issue on the website omnibus.au.dk (to be launched).

Visit [Facebook.com / omnibus.au.dk](https://www.facebook.com/omnibus.au.dk) to know more about Omnibus, to start a debate or to submit proposals for articles for future releases.

STAFF PORTRAIT

STAFF PORTRAIT: HONGYAN JENNY LI

This time [Hongyan Jenny Li](#) has agreed to answer the questions for the staff portrait. Thank you, Jenny. Jenny is Associate Professor at the Department and is located in building 2628(M), office 321.

How long have you been employed at the Department of Economics and Business?

I have returned to [CORAL](#) for nine months since last August, but I worked as a postdoc at Aarhus School of Business from 2007-2010 where I was also affiliated with [CORAL](#).

What is your background?

I am from Northwestern China but went to the university in Northeastern China where it is really cold in the winter. I received my PhD in Management Science from Lancaster University Management School, UK, in 2007. Afterwards I started in a position as postdoc at Aarhus School of Business. In 2010 I went back to China and worked as an associate professor at Northeastern University for a while.

What are your main areas of research?

My research interests are broadly ranging and include operational and supply chain management, revenue management and decision science. I mainly apply analytical methods to study supply chain collaboration, inventory control and revenue management problems.

What research projects are you working on at the moment?

In line with one of the courses I am teaching, I am working on a few projects on supply chain collaboration with pricing and competition at the moment. In addition, recently I started to develop a new research interest in behavioural management. This topic lies at the frontier of operation research. There is a great deal of problems that are worth looking into.

What are you involved in teaching-wise at the moment?

Apart from research, I am also passionate about teaching. I have gained teaching qualifications in higher education both in Denmark and China. I taught and teach numerous courses such as Operations and Supply Chain Management, Revenue Management, Simulation, and I plan to teach

Mathematics for Business next semester. I also supervise a variety of bachelor and master projects as well as internships. I was also involved in our master students' study trip this March.

Are you planning to take part in any conferences or the like abroad in the near future?

I am going to the EURO and INFORMS joint conference on Operations Research this July in Rome.

Are you expecting any visiting researchers from abroad in the near future (or have you had any visitors from abroad recently)?

Yes, I have tried to invite some researchers in our area from abroad to visit us sometime this summer or fall, but nothing is fixed yet. I had visitors in my previous position at ASB.

Are you cooperating with researchers from other departments at AU at the moment?

Not yet, but I believe there is good potential for me to pursue cooperation with researchers from the management or psychology department in the future.

What do you do when you are not at work?

At this moment I am pretty much occupied by many tasks: research, teaching, learning Danish and settling down in Aarhus. However, if I had time, I would love to do a lot of sports, visiting friends and traveling to other cities or countries. At this moment, I only manage to play badminton a couple of times per week. Swimming, tennis and hiking are on my list.

Please give us your suggestion for the next department staff member to be presented:

[Rune Mailund Vejlin](#)

What specific supplementary question would you like him or her to answer?

Have you attempted the Trin 7 assignment, Go-Online course?

THE PHD CORNER

PRIZE PAPER COMPETITION - THE MINISTRY OF FOREIGN AFFAIRS

Have you produced an academic paper that could provide food for thought for the Ministry of Foreign Affairs? Then you may have a chance of winning DKK 30,000.

There is no specific topic for the prize paper competition, but the subject dealt with must be within the Foreign Ministry's field of work.

Deadline for submission is 1 October.

COLOPHON

ECON News is issued every second week, on Mondays.

Next issue: Monday 6 May

Deadline for input: Thursday 2 May at 12. E-mail: bhojklint@econ.au.dk.

ECON News is the bi-weekly internal newsletter for Department of Economics and Business. ECON News has the purpose of gathering overall information in order to minimize the current flow of information. Urgent information will still be circulated now and then by use of e-mails.

ECON News will contain information related to overall news not provided by the Departmental News (written by Allan, Head of department). To attain the goal of having a comprehensive information platform, I need your ideas and input. So please provide me with info on new grants etc. Please send me an e-mail: bhojklint@econ.au.dk.
