DAN MØNSTER WINS BEST PAPER AWARD AT COMPLEXIS 2016

The paper "Inferring Causality from Noisy Time Series Data" was presented by Assistant Professor [Dan Mønster](#) at the 1st International Conference on Complex Information Systems in Rome, and won the best paper award.

The paper is co-authored with colleagues from Interacting Minds Centre and Department of Physics and Astronomy and presents a rigorous test and new insights into using a new causality measure for time series data called convergent cross-mapping.

The paper is available here: "[Inferring Causality from Noisy Time Series Data](#)".

Congratulations!

TOM ENGSTED WINS THE GOLDEN POINTER 2016

Professor [Tom Engsted](#) has been awarded lecturer of the year at Department of Economics and Business Economics by the Oecon/Soc students and received the much-coveted Golden Pointer.

Congratulations!

The other nominees for the Golden Pointer were: [Anders Brebahl Kock](#), [Anders Rosenstand Laugesen](#), [Allan Sørensen](#) and [Claus Thrane](#).

The Golden Pointer was introduced in 1990 and has been a tradition at the Department ever since. The prize is meant as a positive recognition from the Oecon/Soc students at the Department. All Oecon/Soc students at the Department may submit a reasoned nomination, and [Oeconrådet](#) then selects the winner based on the number of nominations – with specific emphasis on the students' written recommendations.

CALL FOR PAPERS: RESEARCH INTO EUROPEANIZATION CONFERENCE

The Europa-University Flensburg, Sociology Department, invites you to submit abstracts/full papers for the conference "Research into Europeanization: European Encounters, Politics, and Higher Education", which will be held on 28-29 October 2016.

Conference contributions may center both on the political process of Europeanization of Higher Education (macro level) and on the experiences and perceptions of individuals and groups following these processes at large (micro level).

All expenses will be covered for the selected applicants.

Abstracts must be submitted before 15 May 2015.

RULES REGARDING VISITING PHD STUDENTS

The Department welcomes PhD students from Danish and foreign universities who wish to spend a period of up to 6 months at the Department as part of their PhD programme.

If you would like to invite a PhD student from another university to the Department, you can read more about the rules regarding visiting PhD students at our staff portal:

<http://econ.medarbejdere.au.dk/phd/visiting-phd-students-at-econ/>

Please note in particular that the Department does not cover expenses in relation to the visiting PhD student's accommodation, subsistence, travel and insurance, and that the PhD student must bring his/her own laptop.

NOMINATE YOUR CANDIDATE FOR THE OECON AWARD

The Oecon Association now calls for recommendations for this year's Oecon Award.

The prize is awarded to a newly graduated cand.oecon. who has contributed to the creation of an inspiring and strong study environment and influenced the studies in a positive way through academic as well as social initiatives.

The prize comes with a grant of DKK 20,000

Fellow students and academic staff members may nominate candidates. In particular, MSc thesis advisors are urged to think about graduates from the summer of 2015 until now (including students whose theses may currently be under review).

Please hand in your reasoned recommendation in a sealed envelope to [Birgitte Højklint Nielsen](#), Building 2632(L), Office 225.

Deadline is 30 June 2016.

THE HOLIDAY YEAR 2016-2017

A new holiday year has now begun (as per 1 May) and, according to "standard agreement", and unless stated otherwise by the employee, holidays for the holiday year 2016-2017 will be registered as follows:

- 3 weeks summer holiday in July (weeks 28, 29 and 30)
- 1 week at Christmas and New Year
- 2 days during the autumn holidays (in week 42)
- 3 days before Easter

This is to make sure that all holidays are registered for all employees.

If you wish to change this, you should contact [Ingrid Lautrup](#) (inl@asb.dk / 87165372) stating when you would like to take your holidays. However, if you wish to change the three weeks during the summer holidays (weeks 28-30) to three other weeks during the summer holidays, then there is no need to change it in the system. Please note though that you should always inform Ingrid about holidays and other absence so that she can provide a satisfactory service when answering your phone in your absence.

Your five special holidays can be registered at any time during the holiday year – Contact Ingrid and state when you wish to take your special holidays.

WINDOWS UPDATES - WHEN IT SUITS YOU

"Please do not power off
or unplug your machine.
Installing update 1 of 15..."

... this message is not very welcome when you are about to leave for a lecture and you need to bring your pc, or when you are about to leave your office for the day.

BSS IT has made a guide regarding Windows updates that shows how you can postpone the updates to a later time that suits you better:

[Windows updates - Guide](#)

BACKUP - REDIRECTED FOLDERS

BSS IT Support has made the following guide regarding backup:

For Windows computers IT Support offers a solution called redirected folders/offline files: Files saved in specific folders on your computer are redirected. The files are placed on AU's fileserver, and if you are not at AU, your computer will have an offline version of the file available that you can access and edit. When your computer again has access to AU's network, the files you have changed while being away from campus will be synced to the server.

Pros:

Files are always available and they auto-backup through AUs servers every time your pc is at AU

Cons:

Slower logon times because files are being synced with AU servers

A shadow copy (previous versions) of your files on the server is created several times a day and is kept for 100 days. If you accidentally delete a file on AU's fileserver you can restore it yourself, within THE 100 days:

[How to restore files](#)

Your computer is eligible for redirected folders if it is in the UNI domain. If your pc is in the old ASB or SAMF domain, your pc will need a reinstallation. A

reinstallation can be done on a day-to-day basis, please contact Aarhus BSS IT Support to arrange this.

[General guidance about backup](#)

If you have any questions regarding backup, please contact BSS IT Support: bss.it@au.dk / 87150933.

HOUSE RULES

The first Friday of every month, the refrigerator in the kitchen in our lunch room will be cleaned, so please make sure to put a label with your name on your food. Food that has passed its expiry date will be thrown out

If you use the lunch room and the kitchen during weekends, please make sure to rinse your plates, cups, cutlery etc. before placing it on the trolley – this is to avoid obnoxious smells. You should not put your plates, cups etc. in the dishwasher.

Please note that during weekends the trolley will be placed in the kitchen from now on.

NEW AV-EQUIPMENT

BSS IT is planning to replace the AV-equipment (boards, projectors, sound) in a number of lecture rooms in building 2636(U) during the summer 2016.

Since you as lecturers are the main users of the equipment, BSS IT would like to consult you regarding the design and capacity of the equipment before making any decisions and before placing an order with the supplier.

If you would like to be consulted regarding this matter, please contact [Lene Bavnbeke Enevoldsen](mailto:lene.bavnbeke@econ.au.dk) (lene@econ.au.dk) before 9 May.

STAFF PORTRAIT

STAFF PORTRAIT: SASHKA DIMOVA

This time [Sashka Dimova](#) has agreed to answer the questions for the staff portrait. Thank you, Sashka. Sashka is postdoc at the Department.

How long have you been employed at the Department of Economics and Business Economics?

I joined the Department in September 2011 as a PhD student. Following my PhD degree, I became employed as a postdoc researcher at the Department, and I am affiliated with TrygFonden's Centre for Child Research.

What is your background?

I obtained my PhD degree in Economics in 2014 from Aarhus University and I also hold two Master degrees in Economics; one from University of Vienna and one from the Central European University, both obtained in 2011.

What are your main areas of research?

My research is in the fields of applied microeconometrics, education economics,

labor economics and programme evaluation with a special focus on the role of how early life inputs affect later life health, employment and wealth.

What research projects are you working on at the moment?

I study the effect of parental job loss on children. The detrimental effects of job loss potentially extend to children in the household, but little research has investigated such effects. My other ongoing projects include: research on the effect of parental mortality on children's education outcome joint with Nabanita Datta Gupta and Wiji Arulampalam from Warwick University; and research on the age at migration and juvenile criminal behaviour joint with Fatma Usheva and Tommaso Fattini from University of Milan.

What are you involved in teaching-wise at the moment?

I teach Economics to bachelor students in marketing and management communication.

Are you expecting any visiting researchers from abroad in the near future (or have you had any visitors from abroad recently)?

Fatma Usheva, a PhD student from University of Milan is visiting for 6 months. We work together on crime and migration. We use Danish data to see to what extent disproportionate exposure to socio-economic problems and/or violence in the country of origin may play a role for the process of criminal capital accumulation.

What do you do when you are not at work?

I try to devote some time to exercise, reading, and checking out some podcasts. What I enjoy the most is traveling and spending time with family and friends.

ALL ABOUT FUNDING

CALL: THE NORDIC GREEN GROWTH RESEARCH AND INNOVATION PROGRAMME

The main research and innovation funders in the Nordic countries are launching a joint Nordic Green Growth Research and Innovation Programme in cooperation with NordForsk, Nordic Innovation and Nordic Energy Research.

The programme will cover innovation, research and energy, as well as science and technology and aims to generate Nordic added value and create synergies with relevant initiatives nationally and at the Nordic level.

The total budget amounts to NOK 73 million.

The call consists of two separate modules. Proposals for projects led by research institutions should be submitted under [Module I](#).

You can apply for funding ranging from NOK 10 to 20 million.

Application deadline is 16 August 2016 at 10:00 am.

CALL - THE NOVO NORDISK FOUNDATION'S SOCIAL SCIENCE RESEARCH PROGRAMME

[The Novo Nordisk Foundation](#) calls for applications for its social science research programme that focuses on the socioeconomic impact of research in Denmark. The aim of the programme is to contribute towards developing knowledge on the socioeconomic impact of private and public sector research especially within health science, natural science and/or biotechnology but also other areas.

The research programme covers a broad spectrum and may include theoretical and empirical research on microeconomics and macroeconomics within several themes ([see the call](#)).

Applicants may apply for up to DKK 10 million over a 4-year project period.

The deadline for applications is 15 June 2016.

THE PHD CORNER

NEW BOOK: DOCTORAL SUPERVISION - ORGANIZATION AND DIALOGUE

A new book might interest PhD students and PhD supervisors. It has the title "Doctoral Supervision - Organization and Dialogue" and presents a comprehensive and systematic description of the underlying pedagogy inherent in doctoral supervision and its institutional context. It argues that doctoral supervision relies on an advanced form of pedagogy that is often tacit for both students and supervisors.

The author is Assistant Professor [Søren S.E. Benjtsen](#) from Centre for Teaching Development and Digital Media at Aarhus University.
