CALL FOR PAPERS: CONFERENCE ON MARKETS WITH SEARCH FRICTIONS

A call for papers for the Conference on Markets with Search Frictions on 26-28 October 2017 at The Dale T. Mortensen Center has just been announced.

The conference welcomes theoretical and empirical papers on markets with search frictions. Papers on different markets and areas of application are encouraged, including labour, money, finance, real estate, trade, industrial organisation, public economics, marriage markets, etc. Also welcome are papers on the use of register data, on labour and macro more generally, and on the associated econometric methods.

Deadline for paper submission is 31 August 2017.

The conference will take place at the [Aarhus Institute of Advanced Studies](#).

[See the call for papers](#)

PhD students should note that the conference will be preceded by a [PhD course on Directed Search](#) lectured by Randall Wright on 23-25 October.

AVOID CLASHING OF DATES

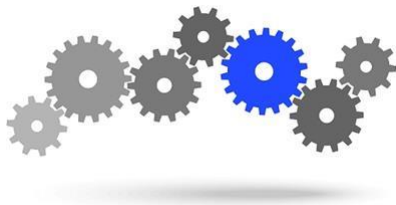

To avoid the clashing of dates of conferences, workshops and the like organised by faculty members at the Department, you are all encouraged to use the event list on our staff portal:

econ.medarbejdere.au.dk/current/events/ when planning the dates of your next conference, workshop or the like.

So if you are in the process of planning a conference, workshop or the like, then send the dates that you have in mind – even if they are just preliminary – and the title of the event to Birgitte Højklint Nielsen: bhoejklint@econ.au.dk, then she will enter them in the event list at our staff portal.

And don't forget to check the [event list](#) to see if others are planning an event of interest to the same group of people that you are planning to invite on the same date.

ECON ADMINISTRATION AWAY ON 22 JUNE

The members of the ECON administration will be away on Thursday 22 June for a specialized theme day about cooperation.

The theme day will take place at Moesgaard Museum.

In case you need urgent assistance on Thursday 22 June, you may contact Lene Bavnbek Enevoldsen: 21 65 77 86.

LIMITED ACCES TO BLACKBOARD FROM 15 JUNE - 9 JULY

A process of merging various versions of Blackboard is carried out in the period 15 June - 9 July. This means that you have limited access to Blackboard during that period.

You can access Blackboard via a temporary URL, but you only have reading access to the system, meaning that you can find uploaded material and read messages, but if you send messages or distribute new material, then you will have to do it again after the maintenance period.

Also, it is not possible to hand in assignments or give feedback on assignments during the maintenance period.

CONTAINER FOR REFUNDABLE DEPOSIT BOTTLES AND CANS

Quite often refundable deposit bottles and cans end up in our kitchen bins, which is a shame both from an economic and an environmental point of view. Especially since we do actually have a container for refundable deposit bottles and cans. It is located in our staff lunch room next to the fruit baskets. The money goes to Red Cross.

Last year, the container collected DKK 1,587.50 for Red Cross.

EXCESS BOOKS

If you are moving to a new office and have books which you do not wish to take with you but which your colleagues might find useful, you may place the books on the designated table in our Faculty Lounge: room 2632(L)-243.

Other faculty members may of course take the books from this table.

PARKING GARAGE UNDER 2610(S) CLOSED FROM 1 TO 15 JULY

Due to a leak in the ramp leading to the parking garage under building 2610(S) that needs to be repaired to prevent flooding, the parking garage under 2610(S) will be closed from 1 to 15 July.

The bicycle garage at the top deck will not be closed during the whole period.
